THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
- 5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS PRIZE MONEY

Distribution of Prizes and Indemnities

All prize money and all prizes in kind rewarded instead of prize money as well as reimbursements (e. g. transport charges, travelling expenses) will be distributed acc. to FEI-RG Art. 127/128 following the last competition at the latest. Other or especially higher premiums or prize money amounts than mentioned above have to be notified by the OC explicitly in writing, otherwise the above mentioned amounts apply. If no other information is given and without prior notice prizes in kind (cars or similar) will be distributed instead, the athlete may reject the prize-money replacement. In that case only the prize-money published in the schedule would be distributed, the prize in kind would remain with the OC.

Settlement will be done with the athlete (disregarding any agreements between athlete and proprietor), thus the OC will be disburdened. Depending on the agreement with the horse owner, each athlete binds himself to pass on to the horse owners the prize money or prizes in kind rewarded instead of prize money. The organizer is allowed to deduct possibly outstanding debts of the athlete. Acc. to § 50a EstG this also applies to foreign horse owners. After having deducted the VAT from the prize money or prizes in kind rewarded instead of prize money, as a rule the following income tax will be due: no taxes up to 250 EUR, 15 % exceeding 250 EUR (in force as of 01.01.2009); plus solidarity fee (at present 5.5 %) of the income tax amount.

Travelling expenses being taken over or reimbursed are only regarded as revenues if they exceed the actual costs and the reimbursement for additional meal allowances acc. to § 4 Abs. 5 Satz 1 Nr. 5 EstG. The tax deduction has to be certified on demand. Those foreign athletes being exempted from tax deduction are kindly asked to submit an exemption certificate either with the entry or on the first show day at the latest. Every athlete himself is responsible for the correctness of the details he submits.

If Athletes have to be placed equally, the money value of possible prizes in kind (e. g. a car) is divided accordingly.

CSI4*/CSIU25-A/CSIAm A+B

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (GR Art 127, 128)

For details of the Breakdown for each competition please refer to the tables at the end of this document; the OC must specify which of the two tables will be used. The total prize money for the competition must be distributed among the first 12 placed athletes. The OC must provide additional created prizes for athletes placed beyond 12th place. The minimum amount for each of these additional prizes, for athletes placed from 13th to last place, must be clearly specified in the approved schedule.

IMPORTANT

Maximum Number of starters per competition: 100.

If more than 100 starters are entered, the OC must split the class and provide the equivalent amount of prize money for the additional Competition. OCs may apply either of the following methods for splitting the Competition:

The competition is split into two groups before it starts. There may be a different number of starters in each group. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group.

OR

The competition is run as one single competition and split afterward into two groups and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the two groups, e.g. results for Competition 1a and for Competition 1b.*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition.

CDI4*/CAI A-4/CAIP A-4

The total amount of prize money shown for each Competition in the schedule must be distributed. (GR Art 127, 128)

The value of the 1st prize must not exceed 1/3 of the total prize money distributed for the competition. The total amount of prize money shown for each competition in the schedule must be distributed. If fewer athletes take part in a competition than the number of prizes indicated in the schedule, the President of the Ground Jury is responsible for recalculating the prize money to be distributed. Distribution of prize money (min. 5 if less than 20 athletes in the competition) distributed to 25 % of athletes (GR Art 127, 128).

Top Score Competition – international

Table

A acc. to Article 270

The obstacles carry points from 10 to 120 according to difficulty. The obstacles may be jumped in both directions, but each obstacle only twice. The athlete is credited with the number of points carried by each obstacle that he has been jumped correctly. In a fixed time the athlete may jump all the obstacles he wishes in any order and in any direction. He must cross the starting line in either direction. Ringing the bell declares the end of the round. The Athlete must then cross the finishing line in one direction or the other to allow his time to be recorded. If he does not cross the finishing line, he is placed last of the Athletes with the same number of points. If the fixed time is reached at the moment when the Horse is already taking off, this obstacle counts if it is correctly jumped.

Any obstacle knocked down during a round will not be rebuilt, if it is used again, no points will be credited to the athlete. Taking an obstacle more than twice does not incur elimination; however the athlete does not score the points allotted to this obstacle. One obstacle duly marked by flags is the "joker". The "joker" may also be taken twice; 200 points are awarded each time this obstacle is jumped correctly, but if it is knocked down 200 points are deducted.

Winner is the athlete who has obtained the highest number of points. In case of equality of points and time for the first place, there will be a jump-off over the same course with shortened time.

COMPETITION No 26

will start at: approx. 12:45 p. m.

"Top Score Competition" Horses Four-in-Hand - international

Scoring and classification:

analogues to Rules for Jumping Art. 270:

The obstacles carry points from 10 to 120 according to difficulty. The obstacles may be approached in both directions, but each obstacle only twice. The athlete is credited with the number of points carried by each obstacle that he has driven correctly. In a fixed time the driver may pass all the obstacles he wishes in any order and in any direction. He must cross the starting line in either direction. Ringing the bell declares the end of the round. The athlete must then cross the finishing line in one direction or the other to allow his time to be recorded. If the fixed time is reached at the moment when part of the combination (horses/vehicle) is in the obstacle, this obstacle counts if it is correctly taken.

Any obstacle knocked down during a round will not be rebuilt, if it is used again, no points will be credited to the athlete. Taking an obstacle more than twice does not incur elimination; however the athlete does not score the points allotted to this obstacle. One obstacle duly marked by flags is the "joker". The "joker" may also be taken twice; 200 points are awarded each time this obstacle is driven correctly, but if it is knocked down 200 points are deducted.

Winner is the athlete who has obtained the highest number of points. In case of equality of points and time for the first place, there will be a drive-off over the same course with shortened time.

Fixed time:

150 seconds

Starting order:

in reverse order of the starting order in competition No. 25.

Annex I FEI Entry System

The FEI Entry System will be deployed gradually starting 1st January 2013, involving in the beginning some pilot NFs. The concerned NFs have already been contacted by the FEI IT Department. The full deployment of the FEI Entry System is expected by July 2013.

The calendar of selected events for the gradual launch of the FEI Entry System can be found on our website : (weblink).

The FEI Entry System for FEI Events will be mandatory starting in 2013 for all FEI events.

FEI Entry system is a key process in sport that involves all event stakeholders: National federations, Organising committees and the FEI

This new service for the national federations and the OCs improves exchange, communication between the OC and the invited federations and gives a better quality and traceability of the data.

All information regarding the FEI Entry System like tutorials videos, FAQ and other useful links and documents can be find on our website by following this link:
