THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. 7. VETERINARY TREATMENTS, SUPPORTIVE AND OTHER THERAPIES

2013 Veterinary Regulations Chapter V

Veterinary treatment or supportive therapy required during an Event is under the control of the FEI Veterinary Official (Veterinary Delegate) and only permitted when:

- a) authorised using the appropriate Veterinary Form (see table below, or VRs article 1047-1051), either prior to the competition or prior to administration once the competition has begun;
- b) conducted within the designated Treatment Boxes and
- c) administered by an FEI Veterinarian (VRs article 1003) or Other Treating Professional (VRs article 1021).

Heated or magnetic blankets, physical therapy, ice and cold water, non-prohibited, authorised substances that are administered orally or by nebulisation, or those treatments exceptionally authorised by the Veterinary Delegate are allowed in the Horse's own stable.

VETERINARY FORM	USE	AUTHORISED BY
Veterinary Form 1	Emergency treatment using a prohibited substance	Ground Jury after first consultation with the Veterinary delegates
Veterinary Form 2	Declaration for administration of altrenogest (Regumate) to mares	Person Responsible declaration
Veterinary Form 3	Authorisation for the use of medication not listed as prohibited	FEI Veterinary Delegate
Veterinary Form 4	Self declaration for the administration of specifically stated substances only (VRs article 1041)	FEI Veterinarian (Team Vet, Athlete Private Vet, VSM, Treating Vet) With submission to the Veterinary Delegate before administration
FEI Elective Testing Form	Form to accompany samples sent to a FEI Laboratory for elective testing before the event	N/A

Supervision of all such treatments by FEI Officials may take place directly on a random check basis or by requesting to see a copy of the relevant authorisation. No treatments may take place without coming under such control and authority, except in the case of a clear emergency, when a retrospective authority may be considered if the Horse is to continue.

8. VETERINARIANS AT EVENTS **2013 Veterinary Regulations, Chapter II**

VETERINARY SERVICES MANAGER (VSM)

All Organising Committees must appoint a FEI Veterinarian as a Veterinary Services Manager to be responsible for assisting the organiser in achieving the Minimum Veterinary Standards and facilities required for an FEI Event. The VSM must ensure sufficient numbers of treating veterinarians are available for the type of Event and the number of Horses attending. The VSM may be the event treating veterinarian themselves.

FEI VETERINARIANS

All veterinarians treating Horses during FEI Events, including Team Veterinarians, Athlete's Private Veterinarians and Treating Veterinarians must be registered with the FEI as FEI Veterinarians – either Permitted Treating or Official Veterinarians. Veterinarians must carry their FEI ID Card with them at all times when in attendance at Events and must present this on the request of FEI Stewards or Officials. Athletes are advised to ensure that any veterinarian they wish to treat their Horse during an Event is registered in the correct way with the FEI. Registering as an FEI Veterinarian does not give any automatic right to having accreditation which is issued by the event Organising Committee.

9. NOTES TO ORGANISING COMMITTEES

FEI Veterinary Delegates must verify that adequate facilities and services are provided by the Organising Committee prior to the start of the Event, and ensure that FEI Stewards are aware of the requirements for the authorisation of Veterinary Forms, other treatments and the FEI Veterinarian ID Card during Events.

Organising Committees must also ensure that there are adequately trained stewards or designated individuals who will liaise with FEI Veterinary Officials to assist with the supervision of treatment areas. The Veterinary Forms 1-4 must be kept by the FEI Veterinary Delegate, referenced and submitted in their report to the FEI within 72 hours.

COMPETITION NO. 2 – CAI A-4

**Obstacle Driving Competition Four-in-Hand– Top Score – international
2nd Rating Competition "Deutsches Fahrderby" (German Driving Derby)**

Article: Scoring and classification: analogues to Rules for Jumping Art. 270:

The obstacles carry points from 10 to 120 according to difficulty. The obstacles may be approached in both directions, but each obstacle only twice. The athlete is credited with the number of points carried by each obstacle that he has driven correctly. In a fixed time the driver may pass all the obstacles he wishes in any order and in any direction. He must cross the starting line in either direction. Ringing the bell declares the end of the round. The athlete must then cross the finishing line in one direction or the other to allow his time to be recorded. If the fixed time is reached at the moment when part of the combination (horses/vehicle) is in the obstacle, this obstacle counts if it is correctly taken.

Any obstacle knocked down during a round will not be rebuilt, if it is used again, no points will be credited to the athlete. Taking an obstacle more than twice does not incur elimination; however the athlete does not score the points allotted to this obstacle. One obstacle duly marked by flags is the "joker". The "joker" may also be taken twice; 200 points are awarded each time this obstacle is driven correctly, but if it is knocked down 200 points are deducted.

Winner is the athlete who has obtained the highest number of points. In case of equality of points and time for the first place, there will be a drive-off over the same course with shortened time.
